THE SÓLODOS CULTURAL PLATFORM works to promote dance and the arts of movement. It is a space for mobilization and exchange for the reflection of contemporary performing arts in Latin America. Our projects promote social work and self-management, we use different initiatives that promote the art of dance as a tool for cultural development, we create spaces for collaboration between Ibero-American cultural projects, we create initiatives that allow the exchange of knowledge between public and private institutions, performing arts centers, artists, the public and society in general.
